

MINUTES OF MEETING

TEAM 1 – WATER LEVEL FORECASTING

Meeting 1 –

Members present –

1. *Freny Reji*
2. *Mada Sai Surya*
3. *Djazila Souhila Korti*
4. *Boukerma Fedoua*

Points discussed:

- Discussed about which dataset to use. There were many dataset on water levels in various parts of the world. We decided to go for the place which is most affected by its water level – Venezia , Italy
- We divided the tasks amongst ourselves
- Task 1 – EDA , Task 2 – Data selection , Task 3 – Data Preprocessing , Task 4 – Data modelling .
- Also discussed the future scope of our work
